

Advanced Livestock Breeding COLLECT SEMEN

ACCREDITED COURSE FOR FARMERS

Our courses are held on farms throughout Queensland, New South Wales and Victoria.

The course is interactive and hands-on including practice on live bulls and immediate feedback from our experienced instructor - Paul Kenny.

Participants are required to complete a theory component as well as two (2) days of practical training with assessment activities.

Successful completion results in a Nationally Accredited Statement of Attainment for AHCAIS301 Collect Semen.

This course is structured and can be submitted towards Veterinarian Continuing Professional Development points.

Paul has over 33 years of experience in the cattle artificial breeding industry. He worked for Herd Improvers Australia and Riverina Artificial Breeders Australia before starting his own business as a cattle artificial breeding consultant. Paul semen tests over 6,000 bulls per year, is a trained Morphologist and provides artificial insemination services.

ENROL TODAY and take control of your breeding choices. Collect semen at your convenience to align with your insemination and breeding practices, ensuring optimal outcomes for your herd while efficiently managing time and resources!
