

NHIA Beef Working Group

Connect with any Beef Working Group members for expert support on all industry matters.

The NHIA Beef Working Group (NBWG) brings together dedicated professionals, industry experts, and stakeholders from the beef improvement industry.

Together, we stand as a representative industry voice as one cohesive unit tackling beef-related matters under the NHIA.

KEY OBJECTIVES:

Effective Representation:

Strength in collective action, ensuring the beef industry's voice is heard in discussions, negotiations, and decision-making.

Promoting Awareness:

A Disseminating crucial information, sharing best practices, and educating stakeholders about industry developments to drive informed decisions and facilitate growth.

Strong Advocacy:

Collaborating with industry organisations and stakeholders to create policies and initiatives that benefit the beef industry.

Get involved speak to a representative.
